

RUSLUG - General Interest Meeting

Rutgers University Student Linux User Group

September 9th 2024

What is this?

- ▶ Community to share, learn, and discuss free software
- ▶ A space for tech enthusiasts without a total emphasis on professional development

Our Core Values

- ▶ Inclusion: we welcome everyone regardless of tech knowledge
- ▶ Freedom: we advocate for all user rights as described by the Free Software Foundation
- ▶ Collective ownership: we have an eboard just for the books, everyone should feel like they have a stake in the club

- ▶ Workshops/Demos: Presentations from fellow members showcasing tech they're passionate about
- ▶ Installfest + Keysharing Party: Install Linux together, exchange pgp keys, talk to fellow members
- ▶ Discussions: Hate systemd with a passion? Need somewhere to soapbox about Gentoo? this is the place to do it (in moderation)
- ▶ Guest Speakers: talks from Open Source professionals, also imagine getting stallman in here lmao
- ▶ Hackathons: Under a time limit, contribute to a FOSS project or create something using only FOSS software (and open source it of course)

- ▶ Bus Signboard: e-ink device on every bus stop showing bus etas
- ▶ Canvas Client: use canvas on the cli or your old computer
- ▶ Raspberry Pi cluster: why not
- ▶ OpenStreetMap: contributing faqs and pictures to open source maps

Introduce Yourself!

- ▶ Name
- ▶ Major/Year
- ▶ Computer
- ▶ Distro
- ▶ Favorite Programming language + editor
- ▶ What Brought you here?
- ▶ One fun thing you did this summer

Thanks for coming!!
